Dream, envision and lay the groundwork

- [ ] Set total wedding budget, with a 10% contingency
  Average UK wedding is approx. £20,000
- [ ] Decide who is contributing, and by how much
- [ ] Decide on guest count and overall wedding size
- [ ] Define your style, aesthetic and colour palette
- [ ] Choose your wedding date and season
- [ ] Begin researching and touring venues
  Popular venues book 12-18 months ahead
- [ ] Book your venue and secure your date
- [ ] Research wedding planners or day-of coordinators
  Decide which level of support you need
- [ ] Create a wedding email address for vendor replies

PRO TIP
Start with budget and guest list first — every other decision flows from these two numbers.
